

[VAN CLEEF & ARPELS]

Romantic Rendez-Vous

One part decadent bracelet and one part fashionable jewelled watch, the Rendez-Vous appears at first as a diamond-studded bracelet that takes on the likeness of a branch, and culminates in a beautiful leaf. Underneath however, lies a watch with Swiss-quality quartz movements rotating around a mother-of-pearl dial of feminine beauty and grace.

[GIRARD-PERREGAUX]

Globe-trotting vixen

Embodying the feminine, international traveller, the ww.tc Lady makes the world every woman's oyster. A disc indicating the 24 hours of the day is correlated to the names of 24 cities – one for each time zone. Enhanced by diamonds, an iridescent dial and matching coloured bracelet, the hours of the day have never been so beautiful.
