The Women of
Ulysse Nardin

Warm and Chic

Great choices of shoes & bags this winter

Ulysse Nardin

Ulysse Nardin's Lady Diver Starry Night is as much for dancing as it is for diving. The 18k rose gold case is set with 27 diamonds and it is water-resistant to 100 meters. It contains an automatic movement with a 22k gold rotor that is visible through the caseback.

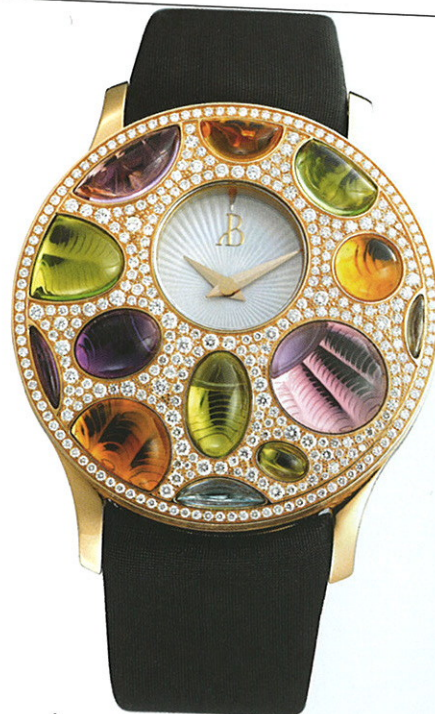

Swarovski

The Swarovski Octea Mini is 24mm wide, with a case made of faceted crystal and steel. The white or black calfskin leather strap is set with 18 hand-set crystals.

Bulgari

The Bulgari Assioma D is available in 26mm, 33mm or 35mm versions in steel. The case is slightly curved for a better fit, and the middle links of the bracelet are brushed. Diamonds are available on the 35mm size, and a two-tone rose gold/steel version is available in the 26mm option.

Bertolucci

The Stria Luce collection, from Bertolucci's Haute Couture collection, is distinguished by a unique dial set with large gemstones that are innovatively cut into smooth cabochons through which the carving underneath is visible. Gems include amethyst, peridot, topaz and citrine. The dial is also set with 1.47 carats of full-cut diamonds. The case is 18k gold. There is no crown; the time is set by a corrector on the caseback. This will be made in a limited edition of five pieces.

Watch for Breast Cancer

The Avon Foundation for Women has created a watch for the Avon Breast Cancer Crusade Pink Ribbon product collection. The Avon Crusade watch is silver-tone, with a croc-embossed pink strap, pink pearlescent face and pink ribbon in place of the numeral 12 on the dial. It is priced at \$15 and is available from Avon sales representatives and online at www.avonfoundation.org

Miss France and Bertolucci's Tribute to Feminine Grace

More than 20 years ago, Remo Bertolucci, founder of the eponymous watch company, became a sponsor of the Miss France beauty pageant. Today, the tradition continues, with Miss France once again serving as the brand's ambassador, which includes personal appearances at trade shows such as BaselWorld. In return, Bertolucci has created the tiara that serves as the crown for the reigning Miss France and serves as her "official watchmaker." This year's winner, 20-year-old Chloe Mortaud, appears in Bertolucci's current catalogs and corporate images. "The Bertolucci/Miss France association is a tribute to women, beauty, femininity and grace, in which Bertolucci takes its inspiration," according to the brand.

First Ladies Love Cartier

Cartier is thrilled that First Lady Michelle Obama proudly wore the Cartier Steel Tank Française in an official portrait recently taken. Another First Lady, Jackie Kennedy, is pictured wearing the Cartier Tank Louis Watch in 1969.
