THE SURREY

THE SURREY HOTEL, NYC

The Surrey suggests a sense of time and place unlike any other. Nestled in Manhattan's Upper East Side, The Surrey is located minutes away from the very best of the city—Central Park, the Metropolitan Museum of Art, and the galleries and boutiques of Madison Avenue.

The Surrey's elegant salons feature exquisite touches, such as DUXIANA beds outfitted with Sferra linens, spacious bathrooms with white Carrera marble, and Pratesi robes. A host of other luxuries await...including the Michelin-starred Café Boulud, which also curates The Surrey's in-room dining, and the new Bar Pleiades. The private roof garden is a tranquil setting perfect for relaxing, while the Spa takes service and personal privacy to the next level with private suites and fully customizable treatments featuring Darphin and LI'TYA products.
