

Bertolucci Limited-Edition GIOCO Watch

Marrying a jeweler's expertise with the art of Swiss watchmaking, the new GIOCO from Bertolucci does double duty, as both a bespoke bauble and a complex timepiece.

Designed to celebrate the hypnotic beauty of women, this ultra-feminine watch was finished with a stunning 527 full-cut diamonds. A delicate kid leather strap is punctuated with an 18K white gold polished pin buckle and comes in a variety of color options, available upon request. Beneath the beautiful exterior lies an innovative bezel made from 6 different elements, all set one by one and hand-assembled on the dial.

Each model is limited to just five pieces, making it every bit as covetable as the women who inspired it. (\$77,000). Visit www.bertolucci-watches.com
